

ROOTED IN CONCORD AS IN HEAVEN

January 2018

the vision: "to establish a permanent presence in the city of Concord leading to eternal influence."

The PURPOSE of being ROOTED

We believe that in 2018 God is going to reveal to us a location where we can **establish a permanent presence** in the city of Concord **that will lead to eternal influence**. God is calling us to **put down roots**; both as a church and as individuals. During the month of February we will be making financial and spiritual preparations so that we can respond in obedience to God's calling.

The Investment what will it take?

Trust - During this season we must trust in God's goodness and provision.

Consistency - Consistent monthly financial partnership in order to meet our current general budget needs. *How will you partner with One Life on a monthly basis?*

Down Payment - In order to respond quickly when God reveals our long term location we need \$85,000 for a downpayment. *What one-time gift can you give on February 25?*

Commitment - The Rooted Campaign is a 3 year commitment. The campaign goal is \$350,000. This will allow us to complete facility renovations, pay down the total loan amount and engage the community right in front of us. *What 3 year financial commitment will you make?*

in Concord . . . as in Heaven

Why has God called One Life to set down roots in Concord? Because sixty-six thousand of our neighbors do not have an active relationship with God. Let that sink in a minute . . . 66,000. The symptoms are everywhere. One in five of our neighbors experience mental health hurdles, 33% of marriages end in divorce within the first seven years, 8 out of 10 families are living pay check to pay check, and 70% of our neighbors have experienced at least one traumatic life event. **The human beings living right beside us are in need of the Gospel of restoration that we proclaim at One Life Church!**

Nurture root yourself in Christ

- pray** - Pray daily that God would reveal where He wants the One Life family to call home and what part you will play in creating this future.
- dig** - Dig Into God's word and allow it to nurture the soil of your own heart. Begin by reading and meditating on Ephesians 3:14-21.
- plant** - What our community needs most is people who are willing to invest in one neighborhood, one family, one life. Who are you investing in?
- water** - How do you believe God wants you to help One Life take root in the city of Concord? How can you actively participate in this church wide campaign? Where has God filled you up so that you can overflow during this upcoming season?

Family Meeting: Join us on Sunday, January 28th or Wednesday, January 30th at 6pm for a time of Questions and Responses
